- The Certificate of Conformity is issued to and relates to the conformity of the described product to the requirements of the described sections of the relevant Australian Standards (AS) and is subject to the conditions and limitations as described hereupon. CertMark International Pty Ltd is an Accredited Product Certification Body and undertakes certifications in strict accordance with ISO Guide 65. The CertMark Product Certification Scheme is a Voluntary Type 5 Scheme applicable to products seeking to show conformity to a particular Australian or New Zealand Standard. Products certified to a specific standard under the Voluntary CertMark Scheme are in the opinion of CertMark International Pty Ltd compliant with the standard referenced on the certificate.
- It is advised to check that this Certificate of Conformity is currently valid and not withdrawn, suspended or superseded by a later issue by referring to the CMI website www.certmark.org
